Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made perfect, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it finally cures all curable cases of this heretofore dreaded disease. Those sand-like granular stones, found in Rheumatic Blood, seem to dissolve 1 pass away under the action of this remedy as easily as does sugar when added to pure water. And then, when dissolved, these poisonous wastes pass from the system, and the cause of Rheumatism is gone forever. There is now no need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

NATION AROUSED

The Need of Exhaustive Investigation
Into Immigration Problem
Is Recognized.

COMMISSION NOW IN SESSION

A Special Congressional Inquiry Upon
This Important Subject Has Been
Begun at Washington—Months Will
Be Devoted to Investigation.

Washington, April 22.—An exhaustive investigation into all phases of the problem of immigration as it affects the United States has been begun by a national commission created for the purpose. The commission met in the room of the senate committee on Philippines today to perfect its organization and to discuss plans for and consider the scope of its work.

The commission consists of nine members, appointed under the immigration act passed by congress last winter. Three of them, Senators Dillingham of Vermont, chairman of the immigration commission; Lodge of Massachusetts and Latimer of South Carolina, were named by Vice President Fairbanks; three, Representatives Howell of New Jersey, chairman of the house committee on immigration and naturalization; Bennett of New York and Burnett of Alabama, by Speaker Cannon; and three, Prof. Charles P. Neill, commissioner of labor; Prof. J. W. Jenks of Cornell, and William R. Wheeler of Oakland, Cal., by President Roosevelt.

The law places no limit on the time the commission shall consume in making its inquiries or on the expense it may incur. The provisions of the law under which the commission will operate are broad, and it is expected by the members to deal comprehensively and, if possible, conclusively with the subject.

While some work will be done by the commission in this country by way of beginning its inquiries, the general idea is to extend its labors in the near future to Europe. The most important ports of embarkation of emigrants will be visited. A tentative itinerary of the body includes Great Britain, France, Germany, Russia, Austria-Hungary, Spain and Italy, and it is not unlikely that it may extend its investigation to Greece, Turkey, Sweden and Denmark.

It is expected that the trip will occupy three or four months, for it is the intention of the commission to go more extensively into the subject than it has ever been gone into before, and to obtain, so far as may be possible, all facts at first hand.

The work of the commission will be only fairly begun when it returns to America. Every possible source of information bearing on the subject will be sought. Reports from all parts of the world to the bureau of immigration will be placed at the disposal of the commission and experts on immigration may be employed by the commission to collect data. It is the purpose of the commission to inquire into the restrictions placed upon Chinese and Japanese immigration, but it is not probable that the commission will visit either China or Japan. The commission will report its findings to congress.

Neighbors Patch It Up.

San Salvador, Republic of Salvador, April 23.—A treaty of peace between Salvador and Nicaragua has been signed at Amapala by ministers representing each country. The terms of the treaty are honorable to both countries. The conditions proposed by Salvador were accepted and the demands made by President Zelaya of Nicaragua of reparations on Salvador's part in the recent war between Nicaragua and Honduras, and that there be a free interchange of commodities between Nicaragua and Salvador, were rejected.

Fierce Border Warfare.

Salonika, April 23.—A band of Servians defeated a band of Bulgarians at Iavro, near Uskub, killing and beheading ten of their opponents. The Turkish troops in the vicinity refrained from interfering.

FOR A QUIET MAY DAY

The Industrial World Never in a More Peaceful Mood.

Chicago, April 24.—For the first time in years May 1 will be ushered in without any serious disturbances in the industrial world. This peaceful condition applies not only to Chicago but to all the large cities throughout the country, according to James A. Emery, secretary of the Citizens' Industrial association.

"There is hardly a cloud on the industrial horizon anywhere," said Mr. Emery. "Wages are higher than at any time in the history of the country, and in most of the cities the relation between the employer and employee are harmonious. Through reports from our different associations I am kept in touch with industrial affairs in every part of the country, and I have never seen the outlook so promising. In nearly every instance where working contracts have been renewed wage increases have been granted, so that May 1 this year will not only bring fewer strikes, but also higher wages than ever before."

My Best Friend.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by Severs Drug Co. 50c and \$1.00. Trial bottle free.

Madrid, April 26.—Public suspense has reached the highest point and every unusual noise is mistaken by the excited populace for the booming of a royal salute announcing the birth of an heir to the throne. IN TRANCE AFTER SERMON

Indianapolis Man's Preaching Gave Negro Strange Tongue.

Memphis, April 26.—After remaining in a trance for twelve hours from the effects of a sermon preached by the Rev. G. A. Cook of Indianapolis, representative of the Apostolic faith movement, F. C. Ford, aged twenty-five, a negro, frightened members of the family of Eldridge E. Wright, son of General Luke E. Wright, Japanese ambassador, by speaking in "strange tongues," and was taken to a police station on suspicion that he was insane.

A deputation of ministers, including G. A. Cook and L. P. Adams, members of the Apostolic movement, called on Chief of Police O'Haver and, after explaining that Ford was "merely in a highly developed spiritualistic state and not insane," effected his release. Ford had been employed as houseboy at the Wright home. He went to a meeting conducted by Cook, and at the close of the sermon suddenly threw his hands toward heaven and fell with his face to the floor.

The soothing spray of Ely's Liquid Cream Balm, used in an atomizer, in an unspeakable relief to sufferers from Catarrh. Some of them describe it as a Godsend, and no wonder. Liquid Cream Balm contains all the healing, purifying elements of the solid form, and it never fails to cure. Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake but remember the name Swamp-Root. Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y. on every bottle.
